CDGA Foundation

The CDGA Foundation Golf Marathon has been an integral part of the CDGA Foundation's fundraising efforts, raising more than $1 million in its previous 13 years. Funds raised go directly towards CDGA Foundation programming, which *utilizes the game of golf to enhance the lives of individuals with special needs, veterans and youth*.

Format

Participating golfers spend the time leading up to the event collecting pledges from family, friends and business associates. The CDGA Foundation provides participants with tools to achieve a $2,500 fundraising goal. Then, on Saturday, May 21 at Zigfield Troy, golfers will play 100 par-3 holes in a fun and quick fashion.
